

FIM Capital Limited

Covid-19 Statement

The board of FIM wishes to assure its clients and suppliers that it has taken and will continue to take steps to prevent disruption to our services during the Covid-19 pandemic whilst mitigating the spread of the virus wherever possible.

All senior staff are fully equipped to work from home if necessary and facilities are being put in place to enable direct market dealing off-site

Our business continuity plans are robust and tested on a regular basis.

Our staff are fully aware of the guidance issued in relation to hygiene and measures to prevent the contamination of others. Any staff member displaying signs of the virus will be asked to remain in self-isolation for an appropriate period.

Currently the Isle of Man has no confirmed cases of the virus, however we will continue to monitor Isle of Man Government issued statements.

We are monitoring closely the impact of the virus on our clients' investments and continue to position portfolios for the current unsettled environment.

Should you have any concerns please contact us.
